WHAT IS TERRAZZO®?

Terrazzo® Company, the creator of Terrazzo® Brand Products, is your comprehensive source for high-quality Terrazzo® materials, specializing in epoxy Terrazzo®. We streamline the entire supply chain, making us the preferred choice for architects and contractors by offering a wide range of Terrazzo® Brand Products from a single provider. This simplifies the process, ensuring consistency, ease, and a broad range of design possibilities.

By selecting Terrazzo® Company, architects and contractors eliminate the complexities of managing multiple suppliers. Our Terrazzo® Brand Products are engineered for straightforward installation, accelerated project timelines, and the creation of healthier indoor environments.

UNDERSTANDING YOUR TERRAZZO® NEEDS

Challenge: Architects and contractors often struggle to find a Terrazzo® supplier that fully meets their project specifications and design preferences.

Solution: Terrazzo® Company addresses this challenge by collaborating closely with architects from the outset. Our team takes the time to understand the unique needs of each project, providing tailored recommendations to ensure that the Terrazzo® design aligns with the client's vision. As a full-service Terrazzo® supplier, we offer a one-stop solution for top-tier and customizable Terrazzo® products, including epoxy resins, aggregates, precast Terrazzo®, and innovative waterjet logo design services. Clear communication and on-time, accurate delivery are at the core of our service.

HOW SINGLE-SOURCE SUPPLY BENEFITS YOU

Choosing Terrazzo® Company as your single-source supplier delivers multiple benefits:

Streamlined Communication: One point of contact simplifies coordination, ensuring clear and effective communication throughout the project.

Tailored Customization: Our extensive product range is designed to work together, providing you with the flexibility to customize Terrazzo® materials according to your project's unique requirements

Consistent Quality: With strict quality control, in-house expertise, and a commitment to innovation, you can trust in the consistent performance and design of our products.

Simplified Procurement: By offering both epoxy Terrazzo® materials and precast Terrazzo® products, we serve as a centralized source, saving you time and effort by eliminating the need for multiple vendors.

Accelerated Project Timelines: Reduced coordination and a reliable supply chain shorten project timelines, allowing for faster completion.

Cost Efficiency: Our bulk purchasing power and reduced overhead allow us to offer competitive pricing, benefiting architects and contractors alike.

Enhanced Relationships: Partnering with Terrazzo® Company means more than just choosing a material supplier. We offer value-added services, including technical support and design consultations, enhancing...

SPECIALIZED SOLUTIONS

Working with Terrazzo® Company guarantees access to premium products, customized services, and unique offerings that elevate your project. We offer the following specialized services to enhance collaboration with architects and contractors:

Custom Samples: We help you create custom Terrazzo® samples, guiding you through color, aggregate size, and polish level choices to achieve your vision.

Epoxy Color Matching: We can precisely match epoxy colors to any paint shade, ensuring seamless coordination between new Terrazzo® installations and existing flooring, which is ideal for renovations or expansions.

Aggregate Matching: Our wide variety of aggregate colors enables endless design combinations. We assist in selecting aggregates that perfectly complement your Terrazzo® design.

Waterjet Designs: Using advanced waterjet technology, we create intricate patterns and custom logos in both metal and Terrazzo® for standout designs.

Design Consultation: Our personalized design consultations help bring your vision to life, covering everything from color selection to budget analysis, ensuring your project meets all specifications.

Lunch & Learns: Educational sessions that deepen your understanding of Terrazzo® flooring and our product offerings, while earning continuing education credits

Project Support: We provide comprehensive assistance throughout the project lifecycle, from planning to installation, ensuring the success of your Terrazzo® project.

COMMITMENT TO SUSTAINABILITY

Terrazzo® Company is deeply committed to sustainability, continually developing eco-friendly products for environmentally responsible projects. Terrazzo® is recognized as a green flooring solution due to its use of recycled materials and its exceptional durability, reducing the need for frequent replacements. From the manufacturing of Terrazzo® materials to on-site installation and maintenance, every aspect of Terrazzo® Brand Products is designed with sustainability in mind.

Sustainable Outcomes:

Healthier Products: Terrazzo® epoxy resins are VOC-free, supporting improved indoor air quality and overall well-being.

Low Carbon Footprint: By sourcing all products from a single supplier, we reduce the environmental impact compared to using materials from multiple sources.

Local Sourcing: Aggregates are sourced locally and processed in-house, contributing to LEED points by using materials sourced within 500 miles.

Recycled Materials: Our recycling facility incorporates post-industrial and post-consumer recycled content into our products.

Green Practices: Our team is trained in sustainable techniques, utilizing recycled water, reusing materials, and efficiently managing waste throughout the manufacturing and shipping process.

Long Lifecycle: Terrazzo® offers unmatched durability and longevity, providing a cost-effective flooring solution that outlasts other materials with proper maintenance.

INNOVATION & TECHNOLOGY

At Terrazzo®, we stand out by integrating cutting-edge technology into our production processes. Our commitment to innovation enables us to offer the most advanced and efficient Terrazzo® solutions available. Our automated processes ensure quicker lead times and competitive pricing, allowing us to meet the growing demand for Terrazzo® Brand Products and exceed customer expectations.

CUSTOMER SUPPORT

Terrazzo® Company is dedicated to providing ongoing support throughout every stage of your project. From the initial design phase through to post-installation, our representatives ensure responsive communication and expert guidance.

Our services include:

Recommended Installation Practices: Guidance on the optimal use of Terrazzo® Brand Products

Lead Time Estimates: Clear information on expected delivery times.

Maintenance Recommendations: Advice on maintaining the durability and appearance of Terrazzo® surfaces.

Post-Installation Support: Assistance with any issues or concerns after installation

SUCCESS STORIES

Success Story: Crowne Plaza Hotel, Yas Island, Abu Dhabi

The Crowne Plaza Hotel on Yas Island, Abu Dhabi, embarked on a renovation project to elevate its luxury standards with an elegant new flooring solution. They selected epoxy Terrazzo® flooring to enhance key areas such as the lobby and high-traffic corridors.

Challenge: The flooring needed to be visually striking and durable for a high-profile setting with significant foot traffic, while ensuring minimal disruption during installation.

Solution: Terrazzo® Company delivered a custom epoxy Terrazzo® design, featuring sophisticated patterns and colors that aligned with the hotel's luxurious aesthetic. The VOC-free epoxy and locally sourced aggregates supported the hotel's sustainability goals.

Outcome: The project was completed on time and exceeded expectations. The new Terrazzo® flooring added elegance and durability to the hotel's interior, providing a low-maintenance, long-lasting surface that enhances the guest experience and reflects the hotel's premium brand.

Success Story: Marina Hotel, Yas Island, Abu Dhabi

Marina Hotel sought to upgrade its flooring to reflect its upscale ambiance while withstanding heavy foot traffic. Epoxy Terrazzo® flooring was chosen as the ideal solution.

Challenge: The flooring needed to provide aesthetic appeal and durability for busy hotel spaces, with a swift installation to avoid disrupting hotel operations.

Solution: Terrazzo® Company provided a bespoke epoxy Terrazzo® floor, featuring elegant designs and vibrant colors that complemented the hotel's luxury style. The VOC-free epoxy and locally sourced materials also supported the hotel's sustainability initiatives.

Outcome: The Terrazzo® installation was completed on schedule, transforming the hotel's interiors with a sophisticated, durable surface. The new flooring enhances the hotel's visual appeal, withstands heavy traffic, and aligns with its environmental goals, offering a stylish upgrade that delights guests and staff alike.
